

WHY submit your reading list to GSA Library?

In 2016, only 37% of students were satisfied with the availability of key readings

■ Never ■ Occasionally ■ Several times or often

In 2016, how often were you asked to read something that is not in the library?

Why is this important?

In the National Student Survey, students consistently feedback that they are asked to read texts that are not available to them

GSA undergraduates are not able to borrow books from University of Glasgow Library, and rely solely on GSA Library for access to their key texts

The library's commitment to you

1. Upon submission of your list, we will place 1 copy of each of your key readings in our Short Loan Collection
2. In addition, for every 10 students you teach we will order an extra copy of your key readings for our Lending Collection
3. And in addition to that, we will buy an e-copy of your key readings where one is available
4. We may also be able to scan short readings for upload to your VLE course
